Financial Update!

At our June Special Report Meeting we approved our budget for the new ministry year which runs from July 1, 2018 to June 30, 2019. The amount of our new budget is $461,744. This translates into a weekly requirement of $8,357 per week of regular offerings to be able to carry out our various ministries with a particular focus on family and children's ministries for the coming year.

We have a challenge ahead of us as we work together to see where God is working and seek to be in alignment with His will. This will require some additional financial resources and we ask that you give this some consideration. Please look for further weekly updates.
